Konstanz

Fall 2017 School on Applied Mathematics and Statistics in Kyiv, Ukraine

November 20th through 23rd, 2017

Further information and registration at
[-www.math.utep.edu/Faculty/mpokojovy/fs2017/index.html](http://www.math.utep.edu/Faculty/mpokojovy/fs2017/index.html)

Deadline for registration
November 12th, 2017

Speakers and topics

- Robert Denk (University of Konstanz, Germany)
Maximal Regularity for Parabolic Evolution Equations
- J. Marcus Jobe (Miami University, Oxford, OH, USA)
A Survey of Data Mining Techniques
- Markus Kunze (University of Konstanz, Germany)
Markov Processes and their Transition Semigroups
- Michael Kupper (University of Konstanz, Germany)
Measures and Nonlinear Expectations
- Reinhard Racke (University of Konstanz, Germany)
Hyperbolic Thermoelastic and Navier-Stokes Systems

Organizers:

Irada Dzhalladova (Kyiv National Economic University, Ukraine)
Denys Khusainov (Taras Shevchenko National University of Kyiv, Ukraine)
Michael Pokojovy (The University of Texas at El Paso, TX, USA)
Agnieszka Vojta (University of Konstanz, Germany)

This project is supported through the University of Konstanz Institutional Strategy funds as part of the Excellence Initiative of the German Federal and State Governments.
