№: 099/23

Тема: Призначення 50 стипендій українським студентам

Посольство Держави Катар в Україні засвідчує свою високу повагу департаменту державного протоколу Міністерства закордонних справ України.

Та виходячи з вищезазначеної теми і посилаючись на заяву Його Високоповажності Прем'єр-міністра Міністра закордонних справ Держави Катар про виділення **50 стипендій** українським студентам для навчання в Державі Катар протягом поточного навчального року 2023-2024. Повідомляємо, що Катарський Фонд розвитку (Qatar Fund For Development) звернувся до кількох університетів у Державі Катар для вивчення можливості виділення місць для українських студентів протягом 2023-2024 навчального року, зокрема до Катарського Фонду (Qatar Foundation), Університету Лусель (Lusail University), Університету науки і технологій Дохи (Doha University of Science and Technology) та Університету Катару (Qatar University).

Відповідно, було проведено Катарським фондом розвитку моніторинг усіх спеціалізацій, доступних у місцевих університетах, та був сформований буклет, присвячений українським студентам для навчання в Державі Катар (буклет додається).

Виходячи з вищезазначеного, звертаємось з проханням передати вищезгаданий довідник відповідним сторонам та надати контакти з боку української сторони, котрі будуть передані катарській стороні для оперативності проведення процедур зарахування студентів у вищезгаданих університетах.

Посольство Держави Катар в Україні користується нагодою, щоб поновити протокольному Департаменту Міністерства закордонних справ України запевнення в своїй високій повазі.

Vision

Enabling learners and future leaders from around the world to fulfil their potential and contribute to sustainable, peaceful, and inclusive development.

Mission

To expand access to scholarships for quality tertiary education, focusing on those who would otherwise not be able to continue their education.

What is Qatar Scholarships?

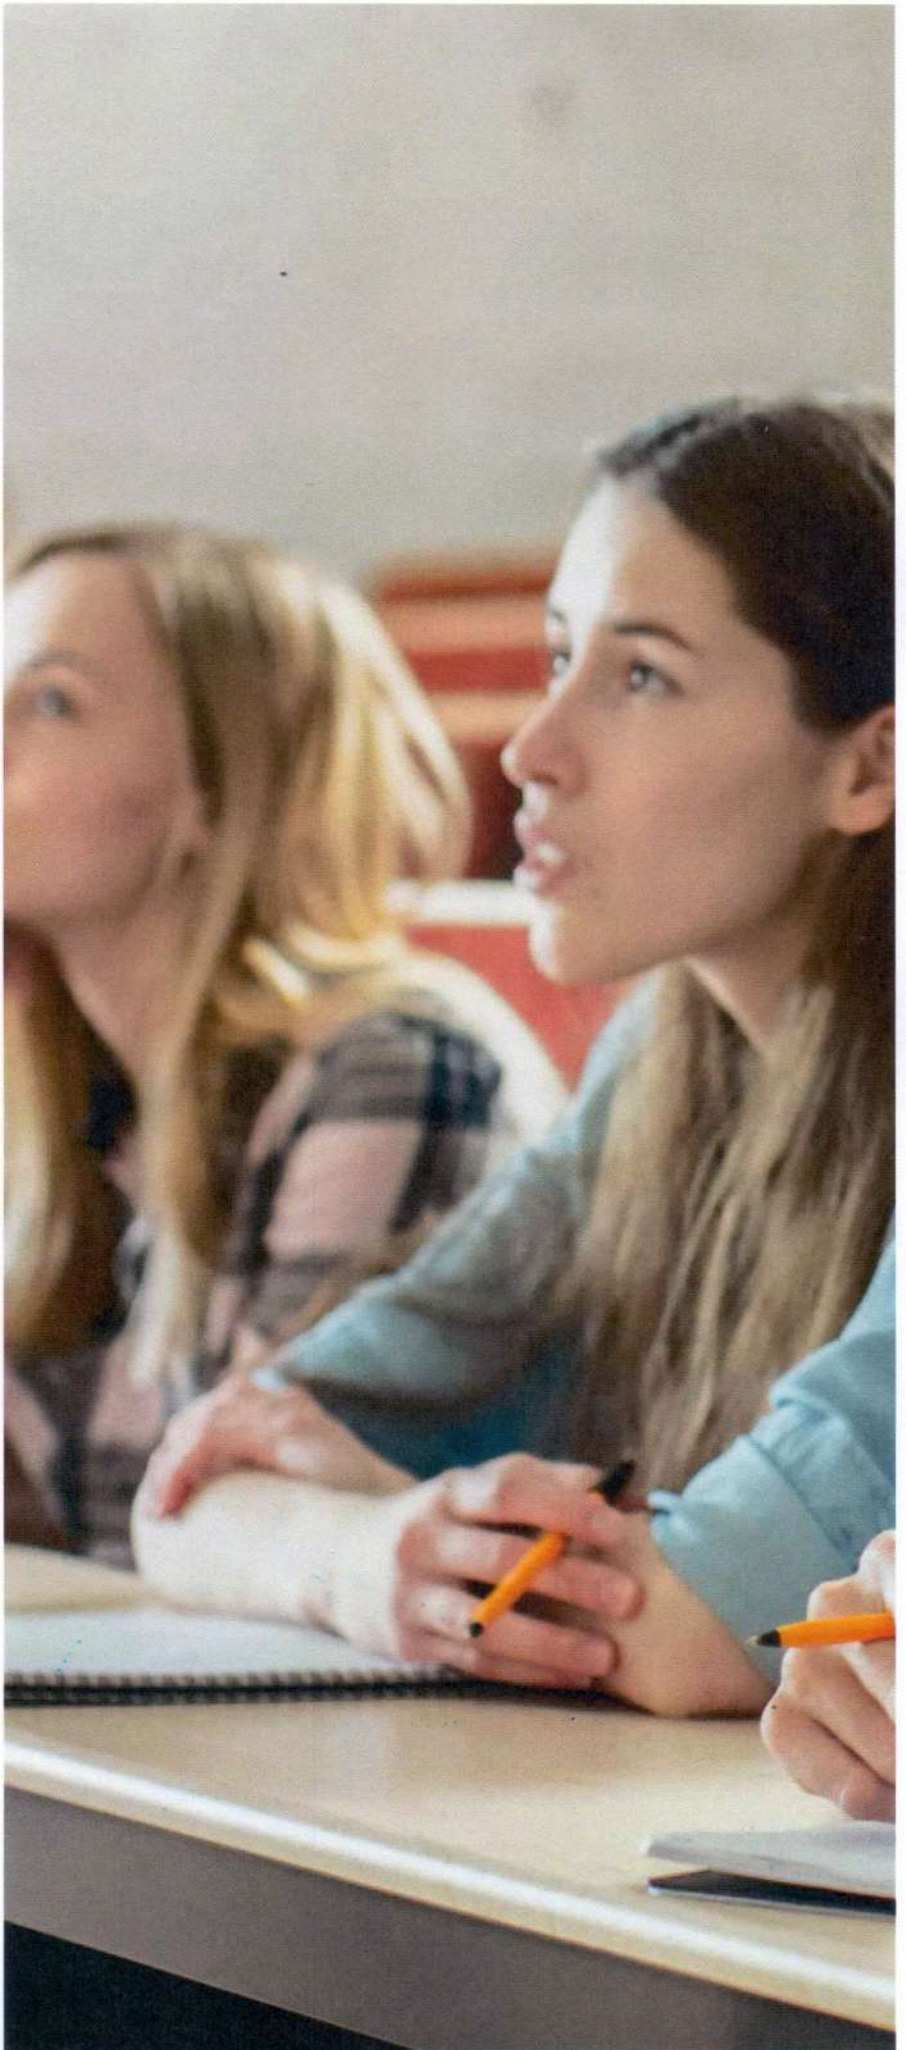

Established in 2018, Qatar Scholarships (QS) initiative is a program spearheaded by Qatar Fund for Development (QFFD) in cooperation with several prestigious and leading educational institutions in the State of Qatar and internationally. The program offers scholarships for undergraduate, masters, PhD degrees as well as Arabic language programs

Driven by Qatar's 2030 vision to advance quality education, Qatar Scholarship focuses on the Sustainable Development Goal 4: "Ensuring fair and inclusive education for all and enhancing lifelong learning for all". The program is committed to increase access to quality education and build capacities to future civic leaders from developing countries by bridging the gap of opportunities through the provision of scholarships.

Qatar Scholarships Program is specifically commitment to achieve the Sustainable Development Goal (SDG 4.b) "substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programs, in developed countries and other developing countries"

The provision of scholarships is committed to ensure fair, equal, and inclusive opportunities for all. Since the program's establishment, scholarships were provided to a diverse body of over 700 international students representing more than 90 different countries.
