Consulate of Ukraine
Suite 607, CLMC Building

Dear Dr. Ang,

Enderun Colleges looks to work with the Consulate of Ukraine in hopes of offering **full scholarships to Ukrainian students for both senior high school and undergraduate programs**. It is our hope that this small gesture can provide an opportunity for Ukrainian students to continue and complete their studies away from conflict.

Enderun Colleges looks to award six Ukrainian students with 100% scholarships. This is open to all Ukrainian students who reside both locally and abroad.

The scholarships cover 100% of the students' total tuition fee, miscellaneous fees, and other fees including badge fees, certificate fees, and one full set of Enderun's uniform. The scholarship may also cover the fees for the English as a Second Language program of Enderun if needed by the student based on the initial assessment of Enderun. The scholarship does not include dormitory, allowance, or visa expense.

These scholarships will be awarded to those who meet the following criteria:

- Has submitted complete application and scholarship requirements
- Recommended by their school of origin
- Must be in the top 20% percent of the batch
- Must successfully complete the Enderun admissions process including the interview
- The potential students must submit the complete requirements and student information by April 2024 for the August 2024 intake
