

The programme is designed for international students interested in economics and business, Polish history and culture.

The course includes classes in Polish language (survival Polish) and culture, Polish and European economy.

The participants will also have the opportunity to take part in various excursions and other events, such as day trip to historical places or visits to renowned international companies located in Poznań.

The cost is 600 euro and it covers the costs of lectures, accommodation, trips and transfer and some of the meals.

10-day Study Program at Poznań University of Economics and Business **SUMMER 2018**

Enjoy the experience of studying in Poland – a country which has successfully gone through a transition from a socialist to a market economy.
